

HOSPICE KLANG AND SRI EDEN

ART for CHARITY

Painting and art appreciation are powerful instruments and can help people manage stress, soothe anxieties and find solace through a shared experience. Through art, we hope to help people express what they have valued, live in the moment, and, for those left behind, treasure happy memories as they negotiate life without a spouse,

Artist Mimi Lee-Pat has generously donated her paintings to this Art Sale for Charity

Mimi Lee-Pat was born in Kuala Lumpur in 1954. She has been painting and exposed to art since she was 10 years old. Mimi is the granddaughter of the famous Malaysia Chinese artist and calligrapher, **Lee Kah Yeow**. She pursued art under him, and also under Chia Yu Chian and Phoon Poh Hoong.

Her grandfather in his lifetime held many exhibitions of his works for many charities. Mimi seeks to live up to her grandfather's legacy and to use art as a gift to be shared.

Mimi's medium comprises Chinese ink and water colors on rice paper. She brings a Malaysian flavour with the infusion of colorful and vibrant batik fabric prints.

This **Art for Charity** exhibition will showcase her "**Essence**" Collection

View the Catalogue of Artwork for sale [HERE \(link\)](#)
Exhibition of Artwork at [Hospice Klang \(link\)](#) center
on May 29 & 30, 2021 (*10 am to 4pm)

All proceeds will go to these 2 Charity organisations.

*70% of each donation will be for Hospice Klang, and 30% for Sri Eden.

*Donations to Hospice Klang are Tax Exempted

Hospice Klang works to provide hospice and palliative care for cancer patients with advanced disease in the Klang district.

Sri Eden is set up to support and help children with diverse learning difficulties in the Klang valley.

With your support, the work we do can continue!
